FIELD NOTES / 01

A small idea. A weekend to build it.

Workshop brief · September 2026

A fictional two-page document for testing DOCX → PDF conversion. No customer data, external images or macros.

What we are making

A pocket-sized audio guide to a neighborhood: three places, three short stories, one afternoon outside.

Time	Activity
09:30	Walk the route and choose three stops
11:00	Record a short story at each stop
14:00	Edit the audio and share a first version

Before you share

Listen on a phone. Check the walking order. Keep the instructions short enough to read while standing outside.
